Davis, L.H., Lewis and Clark Elementary School Staff. (2011-2012). Running Program. $1300.00 grant. St. Helens, OR.

The Run Girl Run Program is a running/walking program supporting 3rd through 5th grade girls. The program encourages youth to be active and prepares them to participate in a 5K Fun Run at the end of the 10 week program. Youth participate twice a week to learn running techniques, food and nutrition for student athletes, explore healthy finances, and work to build and maintain healthy self-esteem, over their life span.

Facilitation of Educational Programs

Leadership for a balanced 4-H Youth Development Education Program includes the important task of facilitating the delivery of educational programs by others. Because of the number and diversity of projects and activities in the 4-H Youth Development Program, it is critical that a faculty member engages other educators in the delivery of content related classes, workshops, and events. Many educational programs either include or culminate in events such as clinics, camps or contests which provide opportunities for members and leaders to utilize the new skills they are learning through 4-H Youth Development Education Programs. These important facilitated educational activities are included in this section of the VITA.
