

# FOUR-DAY SCHOOL WEEKS:

## What do we know and where are we going?

A closer look at cutting edge research and practice envisioning the future of the four-day school week

LaSells Stewart Center, Oregon State University, Corvallis, OR Zoom option available to remote attendees

# October 20-21, 2023

Provided at no cost to all attendees by Oregon State University and the Spencer Foundation

**Join us for this two-day conference.**

### Day 1 Features:

- Research talks from leading four-day school week scholars on the effects of the four-day school week on school district, student, and family outcomes
- Panel discussions of four-day school week stakeholders sharing their unique experiences and innovate practice around four-day school week implementation

### Day 2 Features:

- Small group breakout sessions
- Discussing what practitioners need from researchers around the four-day school week impacts
- Brainstorming best practices in four-day school week implementation
