

## **CADI Training Expectations**

After a Statement of Intent is submitted for a course, CTL will reach out to the course originator to initiate the CADI training.

Upon registration for CADI, faculty will be enrolled in a Canvas Guide (CG). After completing the CG modules, faculty should have a **draft syllabus** and **course map with assessment opportunities** ready to take to the CADI.

For courses in the Signature Core areas, there may be additional training required.
