

Urszula T. Iwaniec, Ph.D.
Professor
Skeletal Biology Laboratory
School of Nutrition and Public Health, College of Health
108 Milam Hall, Oregon State University
Corvallis, OR 97331
E-mail: urszula.iwaniec@oregonstate.edu; Phone: 541-737-9925

A. Education, Employment, and Honors

Education

1984	B.A.	University of Illinois, Urbana, IL	Anthropology
1989	M.A.	Arizona State University, Tempe, AZ	Anthropology
1997	Ph.D.	University of Wisconsin, Madison, WI	Anthropology

Postgraduate Training

1997 – 2000 Postdoctoral Fellow, Osteoporosis Research Center, Creighton University, Omaha, NE

Positions

1984 Research Assistant (primate research), Amazon Basin, Peru
1985 Archaeologist, National Museum of Costa Rica, Costa Rica
1986 – 1989 Teaching/Research Assistant, Department of Anthropology, Arizona State University, Tempe, AZ
1989 – 1993 Research Assistant, Department of Anthropology, University of Wisconsin, Madison, WI
1994 – 1995 Instructor, Department of Anthropology, University of Wisconsin, Madison, WI
2000 – 2005 Assistant Research Scientist, Department of Physiological Sciences, University of Florida, Gainesville, FL
2005 – 2011 Assistant Professor, Department of Nutrition and Exercise Sciences, Oregon State University, Corvallis, OR
2011 – 2017 Associate Professor, School of Biological and Population Health Sciences, Oregon State University, Corvallis, OR
2017 – 2023 Professor, School of Biological and Population Health Sciences, Oregon State University, Corvallis, OR
2023 – present Professor, School of Nutrition and Public Health, Oregon State University, Corvallis, OR

Awards

1986 Regents Graduate Academic Scholarship, Arizona State University
Phi Kappa Phi
1993 Department of Anthropology Travel and Research Award, University of Wisconsin-Madison
Department of Anthropology Travel and Research Award, University of Wisconsin-Madison
Kosciuszko Foundation Domestic Scholarship
BASF Scholarship
1995 American Anthropological Association Student Poster Award
Kosciuszko Foundation Domestic Scholarship
1995 – 1997 Kohler Fellowship, University of Wisconsin-Madison
2013 Excellence in Teaching and Mentoring Award, College of Public Health and Human Sciences, Oregon State University
2015 Faculty Excellence Award, College of Public Health and Human Sciences, Oregon State University

Membership in Professional Societies

1988 – 2002	American Association of Physical Anthropologists
1995 – 2000	American Anthropological Association
2010 – 2015	Endocrine Society
1993 – present	Sigma Xi
1995 – present	American Society for Bone and Mineral Research
2009 – present	International Society for Bone Morphometry
2018 – present	Society for Endocrinology
2019 – present	Research Society on Alcoholism
2020 – present	Bone Marrow Adiposity Society

Board Membership

2012 – 2015	Sun Valley Hard Tissue Workshop	Advisory Board member
2009 – present	Ecology of Food and Nutrition (journal)	Editorial Advisory Board member
2013 – 2022	International Society of Bone Morphometry	Board of Directors
2016 – 2019	International Society of Bone Morphometry	Treasurer
2020 – 2020	Bone Marrow Adiposity Society	BMA2020 Advisory Board member

Peer Review

2008	DOD	Deployment Related Medical Research Program, HAD Wound Infection/Healing/Vaccine #2, USAMRMC/CDMRP
2009	DOD	Breast Cancer Research Program, Concept - Molecular Biology and Genetics #1, USAMRMC/CDMRP
2009	NIH	National Institute of Arthritis and Musculoskeletal and Skin Diseases (NIAMS): Challenge Grants Special Emphasis Panel 21
2010	NIH	National Institute of Alcohol Abuse and Alcoholism (NIAAA): Special Emphasis Panel 10 ZAA1 GG (96)
2011	NIH	NIAMS: Skeletal Biology Development and Disease Study Section
2011		Arthritis Research, United Kingdom
2011		Foundation for Polish Science, Poland
2013 (Feb, June, Oct)	NIH	NIAMS: Skeletal Biology Development and Disease Study Section
2014 (June)	NIH	Musculoskeletal, Oral and Skin Sciences (MOSS): Special Emphasis Panel ZRG1 MOSS-A(02)
2015 (Feb)	NIH	NIAMS: Skeletal Biology Development and Disease Study Section
2015 (June)	NIH	NIAMS: Small Grants for New Investigators (R03) Special Emphasis Panel
2015 (Oct)		National Science Centre, Poland
2015 (Oct)		Austrian Science Fund, Austria
2016 (Feb)	NIH	NIAMS: Skeletal Biology Development and Disease Study Section
2017 (Oct)	NIH	Integrative Physiology of Obesity and Diabetes Study Section
2018 (June)	NIH	Aging Systems and Geriatrics Study Section
2018 (July, Nov)		Austrian Science Fund, Austria
2019 (Feb)	NIH	NIAMS: Skeletal Biology Development and Disease Study Section
2019 (Nov)	NIH	MOSS: Special Emphasis Panel ZRG1 MOSS Q02
2020 (June)	NIH	NIAMS: Skeletal Biology Development and Disease Study Section
2024 (Nov)	NIH	ZRG1 MOSS-L (03) Musculoskeletal Sciences
2005 – present		Ad hoc reviewer (2005-2024; average 13 reviews/year): Alcohol and Alcoholism, Alcoholism: Clinical and Experimental Research, Anatomical Record, American Journal of Physical Anthropology, Applied Physical Activity Quarterly, Archives of Oral Biology, Biological Procedures Online, Biomechanics and Modeling in Mechanobiology, Biology of Sex Differences, BMC Musculoskeletal Disorders, Biofactors, Biomolecules, Bone,

British Journal of Nutrition, Calcified Tissue International, Canadian Journal of Physiology and Pharmacology, Clinical and Experimental Pharmacology, Endocrine Research, Comprehensive Physiology, Connective Tissue Research, Evidence-based Complementary and Alternative Medicine, European Journal of Obstetrics and Gynecology and Reproductive Biology, Folia Biologica, Frontiers in Endocrinology, Gastroenterology, Histochemistry and Cell Biology, International Journal of Molecular Sciences, Journal of Applied Physiology, Journal of Biomechanics, Journal of Biomedical Materials Research, Journal of Bone and Mineral Research, Journal of Bone and Mineral Research Plus, Journal of Clinical Endocrinology and Metabolism, Journal of Diabetes and Metabolism Disorders, Journal of Endocrinology, Journal of Musculoskeletal and Neuronal Interactions, Journal of Nutrition, Journal of Nutritional Science, Journal of Orthopedic Research, Journal of Orthopaedic Surgery and Research, Journal of Orthopedic Translation Journal of Osteoporosis, Journal of Tissue Science and Engineering, Life Sciences, Medical Principles and Practice, Molecular Nutrition and Food Research, Nutrition Research, Osteoporosis International, Pharmacological Reports, Peptides, PLoSOne, Quantitative Imaging in Medicine and Surgery, Regulatory Peptides, Scientific Reports, Toxicology Reports

2016 American Society of Bone and Mineral Research (ASBMR); Ad hoc abstract reviewer for the Preclinical Models: Nutrition category for ASBMR 2016 meeting

Meeting Session Chair

2007 Diet and Optimum Health Symposium (session, Obesity, Exercise, and Gene Regulation), Portland, OR

2015 13th Congress of the International Society of Bone Morphometry (session, Oral Presentations 3), Tokyo, Japan

B. Research

Peer-reviewed Publications (based on Google Scholar 12-30-24: total citations = 5,719; H-index = 44; i10-index = 102)

Current Research Support

R01 AR060913, National Institute of Arthritis and Musculoskeletal and Skin Diseases (NIAMS)

IWANIEC, UT (PI)

04/01/21 – 03/31/26

The Role of Leptin in Inflammation-driven Bone Loss

The goal of this project is to test the hypothesis that: (1) leptin signaling by immune cells is necessary for normal bone growth, maturation and turnover, but (2) in the presence of chronic inflammation, leptin signaling by immune cells promotes net bone loss.

Role: PI

R03 AA032072-01, National Institute on Alcohol Abuse and Alcoholism (NIAAA)

IWANIEC, UT (PI)

9/17/2024 – 8/1/2026

Effects of Alcohol on Bone Remodeling Balance in Male and Female Non-human Primates and Humans

The goal of this project is to assess bone response to alcohol in male and female rhesus macaques at a skeletal site (*iliac crest*) typically biopsied in humans.

Role: PI

National Aeronautics and Space Administration (NASA)

TURNER, RT (PI)

02/01/24 – 03/01/26

Creation of an Open Access 3-Dimensional Image and Data Library for Rat Bones from Space Shuttle Experiments

The goal of this project is to compile a microcomputed tomography image and data library of rats flown in space on space shuttle missions between 1990 and 1994.

Role: Co-I

R01 AA026289, National Institute on Alcohol Abuse and Alcoholism (NIAAA)

IWANIEC, UT (PI)

09/20/2017 – 05/31/2025 (NCE)

Complex Systems Analysis of the Impact of Alcohol on Bone in Non-Human Primates

The goal of this project is to delineate the primary mechanisms mediating the divergent effects of moderate and heavy alcohol consumption on bone health using non-human primates as a model for humans.

Role: PI

R01 AA026289 Supplement, National Institute on Alcohol Abuse and Alcoholism (NIAAA)

IWANIEC, UT (PI)

09/01/2020 – 05/31/2025 (NCE)

Effect of Alcohol Consumption on Molecular Risk Factors for SARS-CoV-2

The goal of this project is to evaluate the effects of alcohol – in the context of sex, age, and weight – on protein and/or gene expression levels of molecular factors influencing SARS-CoV-2 infection in archived tissues (plasma, lung, liver, abdominal fat, and bone marrow) from male and female rhesus macaques.

Role: PI
