

GRANT & HARNEY COUNTIES EARLY LEARNING WORKFORCE

Produced by the Oregon Child Care Research Partnership

The early learning workforce includes individuals working directly with children and families* in regulated child care and education facilities. The knowledge and skills of the workforce shape the learning and development of young children and support families. It is important to identify and describe these individuals.

CHILD CARE PROVIDERS

31
people worked in regulated early learning facilities in 2023

This represents an increase of 10 individuals since 2012.

15% of the 2022 workforce left the field before 2023
