PROFESSIONAL EXPERIENCE

Oregon State University

Assistant Professor of Teaching/ Program Director Healthcare Administration

September 2025 - present

As Assistant Professor of Teaching (POT), I teach and provide leadership for the new fully online (Ecampus) health care administration (HCA) undergraduate degree in the School of Nutrition and Public Health. I also teach and participate in the undergraduate and graduate public health programs in the College of Health, advise and mentor graduate students, hold responsibility for scholarly/research work, and provide service to the Program, School, College and University in the form of committee work and participation in faculty meetings.

Oregon State University

Instructor

December 2024 – September 2025

Teach and administer undergraduate and/or graduate courses in Health Management, Health Policy, or related areas. Hold regular office hours to assist students with coursework and answer questions regarding curriculum. Supervise graduate and undergraduate teaching assistants. H210 – Introduction to US Healthcare System.

George Fox University

July 2022 – August 2025

Program Director/ Assistant Professor of Information Technology

Develop and oversee the creation of online technology degree programs, specifically Data Analytics and Cybersecurity Management; lead the Healthcare Administration degree program. Responsible for teaching, coordinating adjunct faculty, and supervising ongoing revisions and improvements to the programs. Identify challenges facing online students and create action plans to proactively address challenges and improve student satisfaction and graduation rates. Manage Canvas faculty course sites for three content areas, approving all syllabus and sites as appropriate. Courses taught include:

MGHA 430 – Legal Aspects of Healthcare, MGHA 401 – Organizational Behavior, MGHA 403 – Organizational Theory and Design, MGHA 450 – Strategic Management, DATA 420 – Data Governance and Management

CareOregon

Sr. Privacy Specialist

January 2023 – December 2024

Responsible for monitoring and guiding the organization’s data protection efforts and infrastructure to safeguard member data. Includes monitoring access to PHI data to ensure compliance with HIPAA, 42 CFR Part 2 and other privacy and security regulations, investigating privacy incidents, logging in the incident tracking system, addressing privacy concerns and questions, providing guidance to all lines of CareOregon business and functional areas. Also developed and recommended privacy related policies and procedures and conducted privacy and security training to staff.

Portland Community College

August 2021 – December 2022

Instructor, Health Information Management

Taught full-time in the online accredited associate’s degree program in Health Information Management. Utilized D2L and Zoom technologies to ensure student-centered delivery of curriculum. Courses included: Health Record Content in Acute Care and Non-Acute Care Settings, Data Management and Analysis, Health Information Systems, Ancillary Information Analysis, Healthcare Statistics, Legal and Ethical Aspects in Healthcare, Quality Improvement Management, Health Information Management, Medical Science and Medications.

Linn County Department of Health Services

December 2017 – August 2021

Compliance and Privacy Officer

Provided direction and oversight to the Compliance Program; identified and assessed areas of risk across the Department of Health Services (Department); communicated the importance of the Compliance Program to management; developed and maintained a written Code of Conduct, assessed, planned and implemented educational programs addressing compliance, the Code of Conduct and policies/procedures; maintained compliance with applicable federal/state rules and regulations and policies/procedures, and served as the Privacy Officer. Served as the health information release of information manager for public health records as well as consulted on subpoenas and other requests for mental health records. Provided educational training on ethics and professionalism, behavioral health record auditing, documentation standards, HIPAA and 42 CFR Part 2, leadership and more. Served on the inaugural department-level Diversity Committee.

Lane Community College

February 2021 – September 2021

Part-time Faculty – Health Information Management

Taught online courses in health information management and health professions including medical terminology, health insurance and billing, healthcare statistics and cooperative education/internship.

Oregon Health Authority - Shared Services

May 2017 – November 2017

Privacy Compliance Officer – Information Security and Privacy Office

As the Privacy Compliance Officer (PCO), provided direction and expertise on all aspects of information privacy, privacy compliance, and confidentiality within both OHA and DHS, and served as the agencies' subject matter expert in these areas.

Responsibilities included:

1. Development and implementation of privacy policies and processes.
2. Development and maintenance of privacy practices and forms.
3. Identification of training needs.
4. Modification of program processes.
5. Maintenance and drafting of Notices of Privacy Practices.
6. Creation of business communications.
7. Monitoring of privacy related complaints, incidents, and issues related to unauthorized disclosure of individually identifiable information.
8. Responding to questions and inquires relating to privacy and compliance.
9. Development and maintenance of Oregon Administrative Rules and privacy policies.
10. Leading projects related to privacy and compliance.

Samaritan Health Services - Corvallis, Oregon

September 2016 – April 2017

Associate Risk Manager

Oversaw risk management activities, which included supporting the risk management program and managing/analyzing risk management data. Identified, developed and presented educational programs based on identified risk trends, managed potential claims against the facility and supported the accreditation standards relating to risk management. Educational programs included mandatory reporting, disclosures of PHI for minors and appropriate documentation in the EMR.

Pacific University – Forest Grove, Oregon

July 2012 – August 2016

Assistant Professor and Director of Healthcare Compliance Certificate Program

Implemented the Graduate Certificate in Healthcare Compliance Program, the first program to use live synchronous remote instruction at Pacific University. Responsible for planning, developing, teaching, staffing and administering graduate level courses for the distance education certificate program in healthcare compliance. This included developing and implementing a regional/national marketing strategy to reach external clients and organizations. Responsible for ensuring the successful implementation of courses within the program using Moodle and Adobe Connect including curriculum review with accreditation standards from the Compliance Certification Board. Also assisted the programming team, adjunct faculty and clients to identify new course/program opportunities.

Responsible for promoting community participation in these courses and MHA and BHS programs. Also identified and developed additional offerings for existing programs, including additional degrees,

certificates and stand-alone programming such as CE seminars, etc. Served as the Director of Experiential Learning, Interprofessional Competency Course from 2014-15.

Courses taught:

- HCC 610 – Introduction to Healthcare Compliance - Spring 2013, Fall 2013-16
- HCC 630 – Privacy and Security - Summer 2013, Spring 2014-16
- HCC 670 – Healthcare Compliance Practices: Auditing, Investigations and Reporting – Fall 2013, Summer 2014-16
- HCC 690 – Compliance Capstone Seminar – Fall 2013, Summer 2014-16
- CHP 510 – Interprofessional Competence: Theory & Practice – Fall 2012, Fall 2013, Fall 2014
- DPT 701 – Principles of Management and Supervision for Physical Therapists – Fall 2013
- MHA 601 – Introduction to Executive Leadership and Ethics – Fall 2013-16
- MHA 635 – Managing Information Systems in Healthcare – Spring 2014
- MHA 640 – Legal Aspects of Healthcare – Spring 2015
- HSC 460 – Information Management Systems in Healthcare – Fall 2014, Spring 2016
- School of Healthcare Administration Introduction to Online Learning Moodle course – Fall 2013

Pacific University – Forest Grove, Oregon September 2014 – August 2016

Director of Compliance/ Privacy Officer

Completed compliance research on various topics including compliance with state authorizations for distance education, HIPAA Privacy, clinical operations and other compliance topics. Assisted with the implementation of the university's first centralized HIPAA compliance office. Served as the interim privacy officer for the university until becoming the Director of Compliance/HIPAA Privacy Officer on September 1, 2014.

Oregon Health and Sciences University – Portland, Oregon January 2012 – December 2014

Department of Medical Informatics and Clinical Epidemiology Teaching Assistant

Provided teaching assistance to the Department of Medical Informatics & Clinical Epidemiology, Health Information Management track Director, including program development in Sakai, curriculum review and other assigned duties.

Specific teaching experience for Applied Legal and Ethical Issues in Health Information Practice, including rework of compliance, risk management and HIPAA privacy and security modules for Spring 2012; Applied Management in HIM and Healthcare Quality for Summer 2012; Health Data Management for Fall 2012; IT in Health Information Practice for Winter 2013.

Pacific University – Forest Grove, Oregon September 2010 – June 2012

MHA Program Adjunct Faculty

Provided writing assistance to current students; performed reviews of capstone project papers for APA formatting and overall editing. Assisted in design of new healthcare compliance graduate certificate program including curriculum, course set-up using Moodle Learning Management System, etc. Course curriculum development for Introduction to Healthcare Compliance, Privacy and Security Compliance and Healthcare Compliance Practices: Auditing, Investigations and Reporting.

Salem Health - Salem, Oregon May 2009 – June 2012

Corporate Integrity Administrator (September 2011 – June 2012)

Corporate Integrity Analyst (September 2009 – August 2011)

Corporate Integrity Assistant (May 2009 – August 2009)

- Served as the primary subject matter expert on compliance and regulatory matters.
- Coordinated and oversaw the organization's regulatory affairs, audit denial and appeal processes for regulatory and third-party audits, ensuring requests, inquiries and/or investigations are properly managed and coordinated internally. Accountable for regulatory issue resolution.
- Developed, planned and scheduled internal/external audits and projects, made judgments around objectives and scope, and ensured effective and efficient audit execution. Ensured action plans were developed for any deficiencies.
- Collaborated with the Director and Corporate Integrity Committee in development of the annual internal audit work plan for compliance, operational, and financial audits. Core areas of audit review included internal controls, coding, billing, regulations, HIPAA Privacy/Security.
- Coordinated organizational monitoring and auditing activities and facilitated appropriate and timely follow-up as necessary; develops and prepares applicable reports.
- Provided appropriate education including initial compliance training for new employees as well as ongoing training for all staff, medical staff, management and the Board of Trustees, through in-person presentations and written communication.

- Performed compliance research and analysis in response to inquiries submitted through the Compliance Hotline or Corporate Integrity office by employees, patients, physicians and the public in a timely manner. Served as the primary contact for compliance inquiries and concerns.
- Collaborated with management in the development of appropriate compliance related policies, monitoring and auditing tools and processes for the identification and implementation of on-going regulatory compliance.
- Managed the functions of the Corporate Integrity Program as necessary in the absence of the Director. Reported collaboratively with the Director to the Board of Trustees.
- Demonstrated on-going knowledge of federal and state rules and regulations as they pertain to healthcare operations and compliance.

Selected Highlights

- Composed compliance articles for all staff and physicians on HIPAA and compliance topics.
- Member of Corporate Integrity Committee, Defense of the Recovery Audit Contractors, Denials Management and various committees at Salem Health.
- HIM Practicum (9/2011 – 12/2011) Completed a Professional Practice Experience Practicum (100 hours) in implementing a document management system for Salem Hospital’s HIM department while completing graduate certificate at OHSU.
- Co-chaired RAC Coordinators meeting for Oregon Association of Hospitals and Health Systems (OAHHS) January 2011 – July 2012.
- Designed and created compliance audit reports and dashboard reports.
- Coordinated all details of external audits within organization and with external companies.

Good Samaritan Regional Medical Center – Corvallis, Oregon

February 2007 – April 2009

Risk Management Analyst (February 2009 – April 2009)

Risk Management Assistant (February 2007 – January 2009)

Provided support to the system-wide risk management office and professional liability insurance company. This included tracking all components of providers’ professional liability insurance applications through completion, coordinating with the medical staff and credentialing offices, coding and reporting on occurrence reports, completing production requests from attorneys, compiling risk management statistics for corporate board meetings and other assigned duties.

Samaritan Health Services – Corvallis, Oregon

August 2002 – January 2007

Imaging Tech Aide/ Mammography Receptionist

Supported the radiology and mammography department through various duties including customer service, order entry in electronic medical record, film library, processing requests for records, film processing, correspondence, reports and other office duties.

CERTIFICATIONS
