*Mentor and support students at OSU in experiential based learning in and outside of the classroom including projects from community embedded into classes (e.g., developed healthy menus for Corvallis Clinic employee cafeteria), provide network for students to gain experiences, job-shadowing, internships and field experiences

*Mentored and advised more than 500 students into dietetics experiences, internships and careers. During role as DPD Director starting in 1996, the OSU pass RD rate for years of 1998-2003 was 100% for first time test takers. The 10-year average for placement into dietetics internships exceeds 65% with some years as high as 92% placement.

*Participated in the first Masters Degree approved to be delivered via web-technology or distance at OSU. It was also the first degree in Dietetics Management implemented. It began in 1997 at OSU, and I developed and taught the following four web-delivered courses to distance graduate students.

- Advanced Purchasing Management

- Advanced Organization and Management (delivered once to Colorado State University)

Clinical Nutrition Management
Research Methods

* Served as accreditation site visitor for CADE for 6 years

* Developed and gained articulation of the only shared degree program at OSU, Restaurant Food Management. Students enroll for culinary training at LBCC and transfer those courses back to OSU to complete four-year degree. Mentor students each year and arrange for hands-on field experiences through network of other foodservice and nutrition care professionals.

*Developed the first CADE accredited dietetic internship sponsored by a long-term care facility, Mid-Willamette Valley Dietetics Internship.

*Leadership in education and practice in serving on the ADA HOD Management Task Force, ADA Education Committee and Council on Future Practice. This reflects experience and recognition as a valued educator in the field of dietetics.
