

This is the GPA calculator worksheet for your KIN 343 application. Please fill in all of your PTAH Option/track coursework below. Mark if the course was Completed or Not Required. **Attach this worksheet to your application.** It will be reviewed by your academic advisor.

**Calculating GPA:**

The following scale should be used to calculate your EXSS/KIN & PTAH option GPA's. For repeated courses, input the grade of the second course. Grade points are calculated by multiplying the associated grade points earned for each grade by the number of credits. A) Enter grades for courses completed in Column (e); B) Enter grade points associated with the grade in column (g) for each course. C) Total the number of credits in column (f) and place this number in the associated box at the bottom. D) Total the grade points and place that number in the box under that column. E) Divide Total Grade Points by Total credits. **Use ONLY EXSS/KIN courses for the EXSS/KIN GPA and put at bottom of column (this page) & on application page.** In addition to your Z/BI GPA and your EXSS/KIN GPA, on the first page you will also need to enter your Overall GPA (transfer + OSU combined) which is found on your Transcript.
